Personal Learning Road Map

The things I'm good at in my current position:

1.
2.
3.
4.
5.
6.

Things I'd like to be better at in my current position (be as specific as possible):

1.
2.
3.
4.
5.
6.

For each item you identified above, where/how could you learn this needed skill? (The numbers below should correspond with the items you identified above.)

1.
2.
3.
4.
5.
6.

Which of these items will you start with first?

How will having this skill affect you in your current position?

List, in order, the steps you'll take to gain this skill (i.e. research available classes, ask for funding for registration, etc.)

1.
2.
3.
4.
5.

When would you like to have mastered this skill by?

What is your one next step?
